

AMERICAN ATHEISTS

A nationwide movement that defends the civil rights of nonbelievers; works for the total separation of government and religion; and addresses issues of First Amendment public policy

WHO ARE WE? We all hear about "freedom of religion," but American Atheists stands for and defends our freedom from religion.

You have the right to be free from intrusive religious doctrines. Your money should not be expropriated by government to fund religion-based groups, events, or social programs. You shouldn't have to pass a "religious test" in order to hold an office of public trust, or exercise other rights. Finally, your opinion as an Atheist should be given a fair hearing in the debate over public policy and related matters.

For nearly four decades, AMERICAN ATHEISTS has promoted secularism and freedom from religion. Find out more about us, and consider joining American Atheists. Visit <http://www.atheists.org>, or contact us at the address below.
