This matter is before the court on intervenor defendant UHPA's motion to consolidate briefing on pending and proposed motions, and request for enlargement of time. The court has considered the request and finds that while the responsive memoranda will undoubtedly contain similar arguments, it does not conserve

judicial resources to consolidate briefing in this case. Rather, the court prefers individual responses to the pending motions and a separately filed memoranda supporting any anticipated motion for summary judgment.

Regarding the requested enlargement of time, the court grants the extension and orders that UHPA's response to plaintiffs' motion for judgment on the pleadings and motion for partial summary judgment are to be filed with the court on or before May 3, 2006.

SO ORDERED.

DATED this 13th day of April, 2006.

BY THE COURT:

DAVID SAM
SENIOR JUDGE
U.S. DISTRICT COURT
